

## Dr Justine Hall — GP Member

Born and bred in Godalming, and schooled in Guildford, I graduated from the University of Southampton Medical School in 2004. I did my hospital training in Portsmouth followed by my GP training in Southampton covering a range of specialities. I settled into a GP partnership on the south Hampshire coast in 2012, however the pull of returning to Surrey was too strong, so in July 2015 I moved back to Guildford and became a salaried GP at Woodbridge Hill Surgery where I will also be responsible for GP training.

My special clinical interests are in dermatology and women's health.

I hope to be able to bring valuable knowledge to Guildford and Waverley CCG from my experiences in Hampshire.
