GH-134-18	Rachel Mackay, Head of Medicines Optimisation	Sponsorship  <i>(this legacy declaration was made on previous version of form so some information missing as not required under previous version of Gifts and Hospitality Policy)</i>	27/07/16			<p><b>Name, Address and Business source/ provider of Hospitality/ Gift or Inducement:</b> Leigh-Ann Ogbourne, Local Account Manager- Surrey and Sussex, Pfizer Ltd</p> <p><b>Nature and Value of Hospitality/ Gift or Inducement (please also specify whether: a) financial or non-financial personal benefit or b) individual or CCG benefit)</b> Sponsorship of CCG hosted Respiratory Study event for practice nurses, GPs and AHPs in G&amp;W CCG</p> <p>Pfizer will pay for the venue and food for the delegates and speaker fees. Vikki Knowles (CCG Respiratory Nurse Lead) will chair the education session and will not receive any sponsorship.</p> <p>Speakers will be organised and agreed by both Vikki Knowles and Pfizer.</p> <p>The study event is being held Holiday Inn, Guildford from 2pm to 7pm, which will then be followed by dinner (this is instead of starting in the morning and having lunch included) which allows GPs and nurses to hold morning clinics.)</p> <p>The CCG will not benefit financially from the education session; no CCG staff member will receive any financial benefit from the sponsorship.</p> <p>The CCG will be the conduit whereby Holiday Inn will invoice the CCG for payment and the CCG will invoice Pfizer to cover the cost. The will be the same for funding the speakers for the time to attend the event due to Pfizer not being able to pay for the venue and speaker costs directly.</p>			ACCEPTED		<p><b>Remarks (this section to be used for any notes or clarification and to record gifts etc offered but declined.)</b> The educational content of this study event follows the direction of travel for management of respiratory patients across G&amp;W CCG.</p> <p>The study data to be presented supports the work currently being carried out across the CCG with regards to the management of patients with COPD. The focus on reduction of ICS/ LABA combination therapy in patients towards maximising bronchodilators in line with new guidelines approved across the Surrey CCGs.</p> <p>The study event also offers the opportunity to address identified training needs through providing a spirometry update across the CCG and prepare for the guidelines being proposed by NHSE. The study event will be open to GPs, practice nurses and allied health care professionals across G&amp;W and surrounding area.</p>
